

**ANNUAL REPORT of
2022 - 23**
SRISHTI INTERNATIONAL

OUR PROFILE

from

SRISHTI INTERNATIONAL

Established in 2001

SRISHTI INTERNATIONAL is a non-government, non-political, not for profit, secular organization, registered under the Societies Registration Act (1860) and the Foreign Contribution (Regulation) Act. It is supported by the Department of Health, Labour Resources, SC & ST Welfare, PHED, Education and Planning & Development of the Government of Bihar. The organization is receiving funds from these government departments apart from other funding agencies for its programs centered on uplifting of downtrodden communities. Its main objective is to improve the living conditions of rural and urban people by developing the health status; arrest the distress migration; improve the socioeconomic status of rural and urban people and strive for their overall development. The primary focus of SRISHTI INTERNATIONAL is on the problems of the poor in their struggle to obtain a life of justice and dignity. Reduce the number of malnourished children, Elimination of AIDS from the society, Elimination of Child labor system, Education to the deprived, Sanitation Campaign and Empowerment of the community through various means are the most important components of our mission. The objective of SRISHTI INTERNATIONAL is to create value-based communities of dignified and informed citizens comprising the erstwhile marginalized and the oppressed from the perennially unresponsive regions in place with pride.

2021 – 22	31,86,284=00 [Thirty one lacs eighty six thousand two hundred eighty four only]

A. कुशल युवा कार्यक्रम (KYP):-

बिहार सरकार द्वारा सात निश्चय कार्यक्रम के अंतर्गत वर्ष 2016, से बिहार कौशल विकास मिशन के अंतर्गत कुशल युवा कार्यक्रम की शुरुआत की गई थी। इस कार्यक्रम के अंतर्गत बिहार के सभी जिलों के सभी प्रखंडों में कौशल विकास केंद्र की स्थापना करने का संकल्प सरकार द्वारा लिया गया। जिसके अंतर्गत संपत्तचक प्रखंड में कौशल विकास केंद्र का संचालन पिछले 6 वर्षों से सृष्टि इंटरनेशनल करती आ रही है, जो अपने निर्धारित स्थान पर चल रहा है। कुशल युवा कार्यक्रम सरकार का महत्वकांक्षी कार्यक्रम है, जिसमें 15 से 30 वर्ष तक के छात्र - छात्राओं को ऑनलाइन प्रशिक्षण दिया जाता है। कुशल युवा कार्यक्रम के अंतर्गत छात्रों को ऑनलाइन प्रशिक्षण कराया जाता है, जहां उनका बायोमेट्रिक अटेंडेंस,

ऑनलाइन क्लास अंतर्गत छात्रों को आसानी से प्रशिक्षित किया जाता है। कुशल युवा कार्यक्रम के अंतर्गत छात्रों को इनफार्मेशन टेक्नोलॉजी, लैंबेज स्किल और सॉफ्ट स्किल का प्रशिक्षण दिया जाता है। इस कार्यक्रम में छात्रों को जुड़ने के लिए सरकार द्वारा निर्धारित नियम के अनुसार न्यूनतम 10वीं पास होना आवश्यक है तब ही उनका नामांकन होता है। सरकार द्वारा निर्धारित सिक्योरिटी राशि का रूपए 1000 लेने का नियम तय किया गया है, जो रकम सरकार द्वारा सफल प्रशिक्षण समाप्त होने के बाद उनके बैंक खातों में स्थानांतरित कर दिया जाता है, परन्तु हमारे संस्था में पढ़ रहे छात्रों को रूपए 1000 का सिक्योरिटी मनी जो उन छात्रों को देना होता है, वो राशि हमारी संस्था वहन करती है जो बाद में उन छात्रों के बैंक खातों में बिहार कौशल विकास मिशन के द्वारा हस्तांतरित हो जाता है।

प्रशिक्षण प्राप्त करते जनवरी 2023 बैच के छात्र

इस वर्ष हमारे कौशल विकास केंद्र में कुल छात्रों के नामांकन संख्या 203 है, उन 203 छात्रों के नामांकन हेतृ संस्था ने कुल ₹ 2,03,000.00 की सुरक्षित जमा राशि प्रशिक्षणाधियों से नहीं लेकर स्वयं बिहार कौशल विकास मिशन, बिहार सरकार को अंतरित किया था जो उत्तीर्ण छात्रों को उनके बैंक खाता में प्राप्त हो चूका है। हमारे संस्था में प्रशिक्षण ले रहे छात्रों को ₹20 प्रति छात्र के दर से प्रतिदिन ब्रेकफास्ट के लिये खर्च किया जाता है, जो अन्य किसी संस्था में नहीं किया जाता है।

कुशल युवा कार्यक्रम में हम छात्रों को प्रतिदिन 4 घंटे प्रशिक्षण करवाते हैं, जिसमें हम पहले घंटे में कम्प्यूटर का प्रशिक्षण करवाते हैं, जिसके अंतर्गत उन्हें फण्डामेण्टल कंप्यूटर का प्रशिक्षण में पेंट, नोटपैड, वर्डपैड, माइक्रोसॉफ्ट ऑफिस, माइक्रोसॉफ्ट एक्सेल, माइक्रोसॉफ्ट पॉवरपॉइंट, इंटरनेट आदि का प्रशिक्षण दिया जाता है। यह प्रशिक्षण प्रतिदिन 2 घंटे का होता है जिसमें हम उन्हें सरकार द्वारा निर्धारित प्रशिक्षण माड्यूल के अनुसार सैद्धांतिक तथा प्रायोगिक कक्षा में प्रशिक्षण प्रदान करते हैं।

वीडियो क्लास के दौरान छात्रों से प्रश्न भी पूछे जाते हैं जिनका उत्तर उन्हें वही क्लास रूम देना होता है, जिसे हम क्लास रूम किलकर कहते हैं। उस प्रश्न का प्राप्तांक उनके फाइनल एग्जाम के परिणाम के प्राप्तांक में जुड़ता है। क्लास रूम होने के बाद छात्र लैब में जाते हैं जिसे हम लैब सेशन कहते हैं, जहां वे क्लास रूम में पढ़े अनुसार 40 प्रश्नों के उत्तर ऑनलाइन देते हैं। लैब होने के बाद फिर से हम क्लास में ले जाते हैं, जहां हम उन्हें लैंबेज स्किल या सॉफ्ट स्किल दोनों में से कोई एक

विषय की ऑनलाइन क्लास देते हैं, जिनमें उन्हे अंग्रेजी और हिंदी में बोलना, सुनना, समझना, पढ़ना और लिखना, शब्दावली, वाक्य निर्माण, व्याकरण, उच्चारण, संचार की गुणवत्ता, संचार माध्यम इत्यादि को Video Module द्वारा बताया जाता है, तथा सॉफ्ट स्किल में हम उन्हे व्यवहार कौशल का प्रशिक्षण देते हैं। वीडियो क्लास के दौरान छात्रों से पूछे जाने वाले प्रश्न भी होते हैं जिसका उत्तर उन्हें वहीं देना होता है। ये क्लास होने के बाद हम उन्हें लैब में ले जाते हैं, जहा पुनः उनसे Lab में 20 प्रश्नों के उत्तर देने होते हैं जो पूर्णतः ऑनलाइन होते हैं; जिसका प्राप्तांक उनके फाइनल एग्जाम के प्राप्तांक में जुड़ता है।

B. वृद्धाश्रम केंद्र का संचालन:-

विगत छ: वर्षों से झारखंड राज्य के पश्चिमी सिंहभूम ज़िले के मनोहरपुर प्रखंड में वृद्ध आश्रम केंद्र का संचालन सफलतापूर्वक किया जा रहा है। हमारी संस्था उक्त केंद्र में उपस्थित वृद्धों के उचित देखभाल, उनके भरणपोषण, उनके स्वास्थ्य के प्रति सजगता एवं उनके मनोरंजन के प्रति हमेशा संवेदनशील रही है। उक्त केंद्र का संचालन सर दोराबजी टाटा ट्रस्ट के माध्यम से किया जा रहा है। सर दोराबजी टाटा ट्रस्ट के द्वारा संसमय ग्रांट प्रदान किया जाता रहा है। हमारे केंद्र में पश्चिमी सिंहभूम ज़िले के कई माननीय पदाधिकारियों तथा समाज के नेतृत्व करने वाले आदरणीय व्यक्तियों का आना - जाना रहा है एवं इन सभी के द्वारा हमारे केंद्र की सराहना की जाती रही है। हमारे केंद्र में वृद्ध व्यक्तियों के मनोरंजन के लिए भी प्रायोगिक तौर पर गूगल असिस्टेंट के माध्यम से उनका इंटरेक्शन कराया जाता है जिसके प्रति वे काफ़ी संवेदनशील रहते हैं और उनका समय भी सदृप्योगीत होता रहता है। इस मनोरंजक माध्यम के द्वारा उन्हें देश दुनिया की खबरें भी मिलती हैं और साथ ही साथ वे अपनी रुचि के अनुसार मनोरंजन का लाभ भी उठाते हैं। उक्त केंद्र में जिला के पदाधिकारियों के द्वारा भी उनके स्वास्थ्य के देख - रेख हेतु उचित समर्थन मिलता रहा है। मनोहरपुर स्थित प्राथमिक चिकित्सा केंद्र के द्वारा भी कई चिकित्सकों का दल हमारे केंद्र पर अपनी सेवाएँ देते रहे हैं। वर्तमान में उक्त केंद्र पर कुल 94 लाभुक अवस्थित हैं। ये सभी लाभुक किसी समय शराब के नशे के आदी थे। हमारे दल के द्वारा काफ़ी मेहनत करते हुए पहले इन्हें शराब के नशे की आदत से दूर किया गया है एवं उसके पश्चात् उनकी देखभाल की जाती रही है। साथ ही साथ अब इन्हें इस लायक बनाया गया है कि वे स्वयं अपना जीविकोपार्जन कर सकते हैं। इस परिस्थिति में हमारी संस्था उन्हें मुख्यधारा में जोड़ने का भरपूर प्रयास कर रही है। इन सभी लाभुकों के परिवार के लोग, सगे - संबंधी, उनके पुत्र - पुत्रियाँ एवं उनके नाती - नोते सभी से संपर्क करते हुए उनको साथ में रखने के लिए प्रेरित किया गया है और सभी वृद्धजन जो यहाँ के लाभुक हैं वे सभी अपने - अपने परिवार जनों के साथ जीवन यापन करने के लिए काफ़ी आकांक्षी हैं। उक्त केंद्र में हमारी संस्था के द्वारा सभी वृद्धजनों का उचित ख्याल रखा जाता है।

C. नशा मुक्ति योजना :-

1. संस्था के सचिव, श्री राम कुमार सिन्हा ने सभा को बताया कि राज्य स्वास्थ्य समिति, बिहार, पटना के द्वारा नशा विमुक्ति सह पुनर्वास केन्द्र के संचालन की जिम्मेदारी SHSB का पत्र संख्या SHSB/PM/496/2016/ 642 तथा दिनांक 29.04.2016 के द्वारा दी गयी थी जिसके आधार पर क्षेत्रीय प्रबंधन इकाई, पटना के पत्र संख्या 642 दिनांक 29.04.2016 के द्वारा कायदिश निर्गत कर केन्द्र का संचालन हेतु निदेशित किया गया था।

उक्त केन्द्र का संचालन मानकों के अनुरूप दिनांक 04.06.2016 को उद्घाटन करते हुये प्रारम्भ किया गया था। अब तक इस केन्द्र में कुल 490 नशे के आदी रोगियों को अन्तर्वासित करते हुये उनका सफल पुनर्वास किया गया। 356 रोगियों को नालंदा मेडिकल चिकित्सा महाविद्यालय में संचालित नोडल केन्द्र पर डॉ० संतोष कुमार के देखरेख में रेफर किया गया।

OUR JOURNEY BEGINS...OUTREACH AND DAY CARE CENTRE

Reaching out to substance using children and youth.....

The Outreach team of SRSHTI INTERNATIONAL works directly on the streets to connect and build relationships with children, youth and their families who are living on the streets. The team provides counselling to these children and youth. Over time they are motivated to visit our Day Care Centres, so that they can avail of the facilities there. We have Day Care Centre. The programmes in Day Care Centres are designed and planned in a way to sustain the interest and attention of the addicts for

longer duration. Emphasis of the program is primarily upon indoor recreation [watching TV, indoor games, listening to music etc.], life skills education, awareness on common street diseases, regular medical check-ups, hospital referrals/follow-up, distribution of medicines, bathing and washing facility, referrals to other NGOs and liaising with police, CWC and other functionaries. The Day Care functions as a non-residential centre; where the addicts come during the day time and return to the street in the evening. However, it is an important 'contact point' for the addicts with the organization. Day Care is perceived as the 'window' that opens new avenues towards opportunities in the mainstream. Here, they are gradually motivated for the detoxification treatment and to bring about changes in their lives. Over 434 children and youth were contacted through our day care centre during the year

- ✓ **Outreach:** During the year, SRISHTI INTERNATIONAL had reached out to 434 children/youth who had attended the Day Care and participated in the activities and availed of the services. SRISHTI INTERNATIONAL had established contacts with 434 children/youth [344 old & 90 new] on the street through its outreach activities.
 - SRISHTI INTERNATIONAL staff seeks out drug using children/youth that are on the streets.
 - Children/youth are encouraged and motivated to come to the center.

Beneficiary count (children/youth):

No of street children reached out to through 1-1 interactions: 434

No of children mobilized for Detox through outreach: 50

Indoor Games

Dance Programme

Chapter - 4

MEDICAL PROGRAMME ...3

Street life and poor health are inseparably linked. Deprivation of food, shelter, hygiene/sanitation, social exclusion, lack of education and unemployment, all together reduces opportunities and limit the choices of healthy life. Conditions on the streets put more burden on groups such as gender, children, ill and disabled. They are far off from the availability and accessibility of resources and services that are made available for financially weaker section.

Their unhinged lifestyles with lack of medical/health care and bizarre living situations amplifies their vulnerability to constant illness like respiratory/ear infections, gastrointestinal ailments, sexually transmitted diseases, skin/abdominal problems etc. Children on the street find various ways to combat hunger pangs, some scavenge, and several are in the clutches of exploitative physical work. Moreover, quite a few children/youths are drawn in by callous adults into peddling drugs, stealing and sex work. Continuous existence on the street is complex with the use of harder addictive substance; harming and influencing the brain, their cognitive abilities to learn and also brings about significant changes in their personalities. Children/youth constantly found in an intoxicated state find it difficult to avail or access the existing medical facilities.

Detoxification (Detox) is an essentially inevitable treatment that addicts require to undergo, when they decide to turn over a new leaf. Detox is a 21 to 28 days process that focuses upon removing the toxins that gathers in the body due to multiple addictive substances used over a period of time. It is carried out with the help of trained and experienced Doctor and medical staff. Doctor, Medical Staff and management of SRISHTI INTERNATIONAL work in unison once it's planned and executed.

Children/youth bring along with them innumerable health problems during detox, which may have been neglected on the street. As part of detox, all children/youth are advised by the Doctor for routine pathological investigations. This helps to rule out any major contagious diseases that they may be suffering from and requires immediate attention and treatment. All the ailments are then treated along with the detox.

	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Total

Chapter - 5

AWAKENING TRANSFORMATION...TREATING THE WHOLE PERSON...

Drug abuse is a pervasive and debilitating problem among street children and youth. Street children lack security, protection, hope, and most of all, love. They face a deep-rooted negative stigma about being a homeless addict. Their unstable lives and their stigma perpetuate gross violation of basic human rights. This has tremendous negative impact on their psyche. Also, addiction is like a chronic disease and even after Detox, the journey is not easy for hard core ex addicts because they will need to control their addiction for the rest of their life. It is extremely important to impress upon them that for the rehabilitation to work, it has to be a complete transformation of their personality. This transformation is not only external but also an internal change in thought process, attitude and habits. No amount of education or vocational training will be of significance if this transformation is not complete. Hence group transformation sessions are an integral part of our program and form the crux of successful rehabilitation.

Our transformation program is based on FLUTE Methodology. This in house developed methodology has evolved through SRISHTI INTERNATIONAL's years of experience in the field of de-addiction.

FLUTE Methodology.....

Freedom, Listening, Understanding, Transformation & Enjoyment

FLUTE brings about five distinct outcomes:

I should be Free from drugs.

I will Listen to positive voices.

I Understand I can change.

I can Transform failure to success.

I will Enjoy my day.

Freedom - Understanding the real meaning of freedom and boundaries to the addict.

Listening - Listening and understanding the instructions of the person who helps.

Understanding - Convince the addict that quitting drugs and street is possible.

Transformation - Changing behaviours and attitudes relating to drugs and street life that addict carries within himself.

Enjoyment - Anyone can enjoy every moment of life without taking risk. Children and youth are admitted into our Long Term Residential Rehabilitation Programme.

freedom, listening, understanding, transformation and enjoyment

RESIDENTIAL REHABILITATION PROGRAM FOR CHILDREN

Once the three weeks of detoxification is over children/youth are required to undergo long term residential rehabilitation program. The transition period is a trial for children/youth who find themselves trapped in the closure. When drugs ceases it creates a vacuum that results in disorientation, fragmentation, apprehension, agitation, restlessness and confusion. All this makes it difficult for them to cope considering the new place that is filled with strange children and noise, adds to the inner upheaval and insecurity. This is manifested in various ways among children making it difficult for the children and staff. The staff deals with the situation by relaxing all the rules for a short time till they are used to the new environment and settle down at the center.

Staff plans regular activities to engage children and keep them occupied and also divert their young minds. By participating in the activities they slowly learn to complete assigned tasks at a stipulated time, by sitting in one place and concentrating. Staff over a period of time has developed patience and diligence to motivate and encourage the children to complete the assigned activity.

Table – 6: Overview of Children in the Rehabilitation Centres:

Description	Boys Centre	Girls Centre	Total
No of Children at the beginning of the Year	93	64	157
No of New Admission in the Year	05	00	05
Total Admission	98	64	162

Transfer to Srishti International – Vocational Training	00	00	00
No of Children - Ngo referral	01	06	07
No of Children Runaway	00	00	00
End of the year Under Programme	91	55	146

Group Session / Life Skill Education

Before sending to school the children

participated in group sessions and are encouraged by other children to take part in the various activities at the centre often, the children share their past life in the group. Prayers and the Pledge to give up drugs are also part of the sessions.

The children doing P.T. in the centre

The photograph shows the older children sharing their experiences with new children, to increase their motivation to stay at the centre.

As of the girls and boys were addicted to drugs and involved in odd jobs on the street, it is a challenge for us to keep them away from their previous habits as well as make them feel at home. We provide them all the basic needs such as good food, clothes, education and recreation. But more importantly, values are taught by the different group sessions, which is one of the main thrusts of our transformation programme.

Chapter - 7

RESIDENTIAL REHABILITATION PROGRAM FOR YOUTH.....

This program entails achievement of economic rehabilitation through vocational training for the youth above 18 years of age. Just like how children up to 18 years of age follow the formal education pathway to successful inclusion into society, the youth above 18 years of age are encouraged to go through the vocational skills training to achieve drugs free and economic independence.

Economic self-reliance is the foundation for lasting behavioral change. Unless the youngsters are taken off the streets and provided an alternate lifestyle, it is not possible to bring them out of their high risk lifestyle. As most of them are runaways at a very young age, they have neither the education nor other skills to sustain them. The habits and skills that they developed or adopted on the street were for basic survival and at high risk to themselves. To get them into the mainstream of society, which is the ultimate objective of SRISHTI INTERNATIONAL, there is a dire need to get these youth trained in some vocation. This enables them to earn their livelihood honestly and safely.

SRISHTI INTERNATIONAL offers seven basic Vocational Skills Training Courses for the youth. They are carpentry, welding, Wireman and Peer Educators Training.

This year 116 youth were enrolled into our Vocational Training Program. This intensive training encompasses not only the skills needed to achieve mastery in their

chosen vocation but also aims to develop the mindset and attitude to carry this training into their professional life in the mainstream society. We also at times send the youth to Centres outside SRISHTI INTERNATIONAL for training.

Subsequently, on completion of their training, our staff places them on jobs with private companies. The youth may continue to stay at SRISHTI INTERNATIONAL like a half way home, where he is provided with dinner and a place to sleep at nights. This year we had 20 youth who stayed at SRISHTI INTERNATIONAL like a half way home. Some youth may even share an accommodation with other employed youth outside SRISHTI INTERNATIONAL. This obviously means more responsibility and makes them more independent. There was only one youth who worked and stayed outside SRISHTI INTERNATIONAL this

year. The youth are encouraged to save for the future once they start to earn. SRISHTI INTERNATIONAL's staff, however, continues to guide and support the youth till such time the youth needs it.

We were also able to successfully discharge 16 youth from SRISHTI INTERNATIONAL as they had completed their rehabilitation programme, had taken up jobs and were independent. It is indeed a proud moment for us when these youth are finally capable of being completely mainstreamed.

Table 10: Youth Beneficiaries at Patna:

Description	Numbers
Total No. of Youth (Beneficiaries)	116
NGO Referral	00
Repatriation at Home	16
Job Placement / Discharge/Group Home	45
Runaway	00
At present Under Vocational Training Programme	55

Group/Individual Sessions:

Group and Individual sessions provide the youth with the opportunity to share about themselves and some of the personal issues are discussed in the individual sessions. Purpose of these sessions is not to isolate and discriminate, but to make them realize

that all present

in the group have similar issues/experiences, and it is a universal issue, and all are addicts having a common thread between them.

Individual sessions are intense as it addresses individual issues of the youth relating to their behavior, attitudes, habits and thought process. Along with the youth staff helps him identify and express on the pressing issue and work out ways to resolve it without disturbing the equilibrium of the center. Youth in the bargain get leads on areas they are required to work out which is monitored by the staff.

Life Skills Education [LSE]:

LSE sessions are derived and centered on the FLUTE methodology which focuses upon transforming old behavior and script of the street to the socially accepted patterns. These are interactive sessions eliciting responses from the youth. LSE sessions help the youth to bring about considerable changes in their behavior which enables them to get in touch with different facets of their personalities. Once again youth begin to re-learn social values and etiquettes which had vanished on the street.

Chapter – 8

GROUP SESSIONS AND MEETINGS:

The main essence of our long term programs stem from the fact that even when the person has stayed away from drugs for a very long time, the addiction is still in place. If the individual takes even a tiny bit of drugs, without the intention of repeating the act ever again in his lifetime, it could trigger off a relapse to outright addiction. Abstinence is the only way to stay off drugs and addiction and the person in recovery must take that lesson to heart. This lesson is repeatedly driven into their minds and hearts through group sessions and meetings.

Hence sessions and meetings form the backbone of a drug rehab program. Through these sessions, certain clarity is brought to the children and youth regarding the meaning of addiction, impact of addiction on life, and the types of addiction. Meetings are also organized to make explicit the importance of relationships, adjustments in groups, perception of the mainstream etc. These transformation sessions and meetings are pre planned and essential and they move parallel with all other activities in the Centres. They are aimed at enabling the children and youth to evolve mission

and goals for life and become futuristic in their vision. This gives them the purpose to live and assures them that their struggle for addiction free lifethough not easy is definitely possible. This makes them hopeful and they begin to look forward to a dignified life in future.

Girls Centre

Boys Centre

Chapter – 9

RECREATION AND ENTERTAINMENT.....

Recreation and entertainment are an inseparable part of their rehabilitation. Recreational opportunities help reduce social anxiety as they gradually learn to feel comfortable in social situations through games and other activities.

It also acts like a relief valve by reducing the stress caused by confrontation of deep rooted emotional issues which is a part of their rehab programme. It also helps to combat feelings of loneliness and isolation by strengthening the bonds they share with their peers. Friendships flourish and chances of long term successful recovery increase manifold.

While on the street they had never envisaged any form of recreation or entertainment without using drugs. This association is rather strongly embedded in them and therefore, in the rehab program some of them find it difficult to participate in the recreational activities. However, the staff at the rehab centres constantly encourages them to engage in indoor games and even participates with them.

At SRISHTI INTERNATIONAL, we create opportunities for outdoor activities and games

for children and youth for them to utilize excessive energy and power. Cricket is a game the boys associate with and look forward to playing during the long school vacations. The girls play hopscotch, statue, passing the parcel, and numerous other games. It is when children play in groups that they tend to develop sense of belongingness, perhaps it is the beginning. Children and youth are taken for picnics regularly to national parks, resort etc.

We also encourage indoor activities and games like UNO cards, carom, chess and business (game) for children/youth. Most of the activities/games are executed in small and large groups by the staff or by Peer Educators.

'Coffee evenings' are also enjoyed by our children and youth regularly. The concept of coffee evening is that the senior youth welcome new youth into the program. This is the occasion for everybody to celebrate life without drugs. The staff and the youth rejoice every moment of their recovery with dance, food, sharing etc.

Our corporate volunteering groups, too, arrange events and programs for our children and youth to participate and enjoy. These events could be screening of movies, organizing different competitions or celebration of festivals.

Chapter – 10

REPATRIATION/REUNIFICATION.....

Not all street children are born on the street. Often the circumstances cause these children and youth to land on the street despite having families. Many times they run away from home under the impression that it will provide them with more opportunities and economicadvantages than their home lives could offer.

Once they land on the street and adopt street lifestyle, they get entrapped and pulled into its whirlpool. Taking a U turn and going back to families becomes almost impossible to them due to feelings of shame and guilt. SRISHTI INTERNATIONAL tries to make this process smoother to ensure that the children who have parents/guardians are reunited with them. Wherever possible we try to contact family members and inform them about their child after the detoxification treatment. We were able to unite 16 youth with their families after their successful completion of rehabilitation process.

The sound financial status and positive and safe environment of parents/guardians is a very crucial deciding factor in repatriation so as to avoid relapse of addiction. Hence if the conditions allow the reunification, only then do we reunite the child/youth with family.

D. डाटा प्रविष्टि कार्य की स्थापना एवं संचालन

माह, अप्रैल 2021 में संस्था के द्वारा The Ascent BPO Services Pvt. Ltd. D-56, Sector 2, PIN-201301, Noida. के साथ एकरारनामा करने के उपरांत एकरारनामा के अनुरूप Medical Insurance, Data Entry Work शुरू किया गया है। इसमें The Ascent BPO Services Pvt. Ltd. के द्वारा Raw Data उपलब्ध कराया जाता है जिसे दिये गये Format में Entry करने के पश्चात् उसकी Accuracy को Enhance करते हुए 26 Days के Session के पश्चात् MDB Format में Data Submit करना होता है यह कार्य अब तक लगातार किया जा रहा है।

The Ascent BPO Services Pvt. Ltd. के Medical Insurance, Data Entry Work में किये जा रहे कार्य हेतु मानव संसाधन की विस्तृत सूचि निम्न प्रकार से है:-

Sl. no.	Name of Employees	Designation
1	Shruti Shikha	Data Entry Operator
2	Avinash Maurya	Data Entry Operator
3	Chandani Kumari	Data Entry Operator
4	Manishankar Prasad	Data Entry Operator
5	Manny Kumar	Data Entry Operator
6	Abhishek Kishor	Data Entry Operator
7	Kumar Gaurav	Quality Control Manager
8	Saurav Kumar	Quality Control Manager
9	Rahul Kumar	Quality Control Manager
10	Sunil Kumar	Quality Control Manager
11	Nilesh Kumar	Quality Control Manager
12	Bipin Kumar	Quality Control Manager
13	Sushil Kumar Ranjan	Quality Control Manager
14	Rajani Kumari	Quality Control Manager
15	Ashutosh Kumar	Quality Control Manager
16	Sonu Kumar	Quality Control Manager
17	Chandan Kumar	Quality Control Manager

E. जागरूकता शिविर [कोविड- 19] :-

कावड -19, जिसका शुरुआत चान क वुहान में क्षत्राय स्तर पर का गई था, लगभग पूरा दुनिया के लोगों का संक्रमित करके एक वैश्विक महामारी बन गई है। मानव सभ्यताएं अपने अस्तित्व और आजीविका के लिए खतरे का सामना कर रही हैं। किसी भी देश को इस महामारी से पर्याप्त राहत और समाधान नहीं मिल रहा है, बल्कि अपने नागरिकों को जागरूक करने और अपनी जीवन शैली को बदलकर एहतियात बरतने के लिए राजी किया

जा रहा है। इसे देखते हुए इस अध्ययन में भारत के लोगों में कोविड-19 के बारे में जागरूकता, खतरे, लक्षण और इसकी रोकथाम का आकलन करने का प्रयास किया गया है। पूरे भारत से बहुत प्रतिक्रियाएं प्राप्त हुई थीं। उत्तरदाताओं के पास कोविड-19 के प्रकोप और इसके निवारक उपायों के लिए पर्याप्त जागरूकता है, कुल मिलाकर 98% ने उत्तर दिया कि वायरस एक व्यक्ति से दूसरे व्यक्ति में फैलता है, 95% ने उत्तर दिया कि यह रोग एक वायरस के कारण होता है।

लोग कोरोना वायरस के लिए अच्छे रवैये के साथ सरकार द्वारा निर्धारित सामाजिक दूरी और अन्य निवारक उपायों के महत्व को समझते हैं। लोग कोरोना की जानकारी के लिए विश्वसनीय खोटों का अनुसरण कर रहे हैं, बीमारी को हराने के लिए आत्मविश्वास रखते हैं लेकिन कोरोना के खतरे के प्रति अपनी चिंता दिखाते हैं, वायरस, इसके सामान्य लक्षणों और रोकथाम के बारे में जानते हैं, सरकार परीक्षण और चिकित्सा सुविधाएं। प्रमुख घटक विश्लेषण का उपयोग लोगों के निवारक उपायों के बारे में अव्यक्त आयामों की पहचान करने के लिए किया गया था और यह पाया गया कि वे प्रमुख रूप से तीन तरीकों को अपना रहे हैं, अर्थात्, लॉकडाउन, प्राकृतिक चिकित्सा और सामाजिक दूरी।

कुछ लोगों के अनुसार ये कोरोना वायरस से संभावित रोकथाम हैं:-

- * लोगों से आमने-सामने मिलने से बचें।
- * निश्चित समयावधि में साबुन से हाथ और चेहरा धोये।
- * बाजार जाने से बचें।
- * मॉर्निंग वॉक से बचें।
- * हमेशा मास्क पहने और बाहर निकलते समय हाथों को सेनेटाइज करें।
- * सामाजिक दूरी की अवधारणा सबसे महत्वपूर्ण।
- * नियमित व्यायाम और योग करें।

समाज में अधिकांश लोग अपने दोपहिया या सार्वजनिक बस से यात्रा करते हैं, जिससे संक्रमण का खतरा होता है, इसलिए सरकार को सार्वजनिक स्थानों और कोचों को साफ करने के लिए अतिरिक्त सावधानी बरतनी चाहिए। उन्होंने अपनी रोकथाम के तरीकों जैसे लॉकडाउन, प्राकृतिक चिकित्सा और सोशल डिस्टेंसिंग को अपनाया है, इसलिए सरकार को आवश्यक व्यवस्था करनी चाहिए।

इस सभा में कायन्वयन हतू सस्या के द्वारा अनक कद्रा पर जागरूकता शावर का आयोजन किया गया तथा उपलब्ध सभी मोबाइल नम्बर तथा ई-मेल पर online counselling तथा Advices प्रदान की गई।

F. किसान समूह का प्रशिक्षण एवं क्षमता संवर्द्धन :-

सृष्टि इंटरनेशनल के द्वारा पुनर्पुन प्रखंड में किसानों के समूह के प्रशिक्षण एवं क्षमता संवर्द्धन हेतु अनेक कार्य किये गये। माह, अप्रैल में NABARD के DDM, श्री सुशील कुमार की अध्यक्षता में केयोरा (धनकी) ग्राम के उच्च विद्यालय के सभा कक्ष में तथा माह, जून में पुनर्पुन के प्रखंड कार्यालय में स्थानीय किसानों तथा उत्प्रेरकों के साथ Work Shop एवं उन्मुखीकरण सत्र का आयोजन किया गया। इस सभा में निम्नलिखित सदस्यों ने उपस्थिति दर्ज किए:-
